

Who is AWEX?

Awex brand has been existing in the emergency lighting sectorsince 2002,invariably fulfilling its clearly defined mission: top-quality state-of-the-art products and customer satisfaction. We offer the full range of emergency lighting devices in compliance with all the European standards.

What is a central battery system?

Central battery system provides power supply to the DES luminaires during malfunctiondue to the use of battery sets. The central battery system has an internal charger which controls charging process and switching of operation mode. The DES system cooperates with the CBS central battery system.

Why did AWEX receive a BSI certificate?

In 2016 the company Awex received,for the new products in scope of the fittings and systems of the emergency lighting,a prestige and recognized all over the world the BSI certificate. The certificate's receipt is related to a long procedure and very restricted tests which we had to do.

The CBS central power supply system is a an advanced, reliable and user-friendly central battery system, designed in compliance with the requirements of VDE 0108, PN-EN 50171 and PN-EN 50172 standards.

Awex brand mission have always been defined by modern top quality products and customer satisfaction. Our design department ensures flexibility in terms of adapting to customers insights and experience.

The AWEX"s FZLV II is a group emergency lighting system in protection class I and intended to supply up to 160 emergency escape luminaires. Each of the luminaires connected to the system can operate independently in different switching modes.

CENTRAL BATTERY SYSTEM: CBS V. 09 Awex brand has been existing in the emergency lighting sector since 2002, invariably fulfilling its clearly defined mission: top-quality state-ofthe-art products and customer satisfaction. We ...
