

How do I choose the right automated storage solution?

Limited space, an awkward warehouse building, increasing inventory or turnover in unusual shapes or sizes can all make it difficult to find the right ASRS solution. Multiple factors need to be considered when choosing the right solution. Automated storage solutions need to be scalable while maximizing space and performance.

Why should you invest in automated sheet metal storage systems?

Automated sheet metal storage systems from STOPA revolutionize the management and storage of your sheet metal stocks. Effective management of long-span goods can make a huge difference in the production chain.

Why invest in completely new systems when you can modernize and optimize existing systems?
