

Will a Chinese company build a hydroelectric plant in Bosnia-Herzegovina?

BANJA LUKA, Bosnia-Herzegovina -- Despite lacking the necessary legal permits and facing growing pushback from local activists, a Chinese company is moving forward with plans to build a hydroelectric plant in southeastern Bosnia-Herzegovina.

How many Bess systems will be deployed in 2027?

The 5GW of BESS systems are expected to be deployed by the end of 2027. Credit: r.classen/Shutterstock.com. A total of 11 countries, including India, Egypt and Kenya have joined the battery energy storage systems (BESS) consortium at the 2023 United Nations Climate Change Conference (COP28), being held in Dubai, UAE.

What is a Bess consortium?

As a multi-stakeholder partnership, the BESS consortium can bring the benefits of energy storage to low and middle-income countries. The consortium also pledged to mobilise \$1bn in concessional finance, expedite project deployment, enhance the regulatory environment, build a market for BESS and open up commercial and public financing.

Bosnia and Herzegovina Power System 20 RES installed capacity and production since 2000 After the war in Bosnia and Herzegovina, two large hydro power plants were built, HPP Pec Mlini and HPP Mostarsko blato. Their total installed capacity is cca 90 MW. Independent investors have built 1 TPP "Stanari" of 300MW installed power.
