

Where is the British Indian Ocean territory located?

The British Indian Ocean Territory has been under continuous British sovereignty since 1814. BIOT is close to the very centre of the Indian Ocean, mid-way between Tanzania and Indonesia. Its nearest neighbours are the Maldives and Sri Lanka. The Territory covers 640,000 square kilometres of ocean but the land area is only 60 square kilometres.

Who are EM3?

EM3 have emerged from Ireland, a world leader in industrial energy efficiency, to become a lead advisor to progressive pharma and medical device manufacturers globally. Dedicated to reducing your energy and carbon footprint. Backed by 30 years of industrial energy management leadership.

Why did EM3 become part of SHV Energy?

In November 2020, EM3 became part of the SHV Energy family of companies, which was a major signal as to the intentions of this energy giant. SHV Energy has been a family-owned energy giant for over 125 years, and over that time has had to make several major shifts as energy use evolved from a coal-based business through oil and LPG.

How is the British Indian Ocean territory governed?

The constitutional arrangements for BIOT are set out in the British Indian Ocean Territory (Constitution) Order 2004 and related instruments. The Territory is administered from London, by a Commissioner appointed by The Queen, who is assisted by a Deputy Commissioner and Administrator.

How many islands are in the British Indian Ocean territory?

Map of the British Indian Ocean Territory since 1976. The territory is an archipelago of 58 islands covering 56 square kilometres (22 sq mi). The largest island is Diego Garcia, which at 32.5 square kilometres (12.5 sq mi) accounts for about half of the territory's total land area.
