Our solar panels are low profile and durable, quietly converting sunlight into energy for decades to come. The integrated hardware and simple design achieves this by attaching the panels close to your roof and next to each other for a minimal aesthetic.

We specialize in the construction of photovoltaic systems for business, home and solar power plants. We

Bulgaria panel solar 400w

provide reliable and cost-effective solutions for the use of renewable energy for the needs of our customers in Bulgaria and the European Union. We are your trusted partner for turnkey solar systems projects at all sizes.
