

Who is CG Power Systems Ireland Limited?

MML Ireland is pleased to announce it has agreed a deal to acquire CG Power Systems Ireland Limited (CG Ireland), the manufacturer of distribution transformers. The deal, which sees MML Ireland as the largest single equity holder, represents a significant investment in the business alongside the current management team.

Who owns CG Power Systems?

CG Power Systems is being acquired from liquidators Kris Van den Berghen, Elke Van Weerd and Yves Desutter, which were appointed to CG Ireland's direct parent CG Power Systems Belgium, following difficulties in the broader group.

Are CG Power Systems Transformers reliable?

CG Power Systems transformers are renowned for their high performance and proven reliability. They are optimized to meet customer specifications with respect to energy losses, noise levels, dimensions and weight. The CG Power Systems range of transformers has achieved top rank status in terms of energy efficiency, noise level and compactness.

What services does CG Power Systems offer?

CG Power Systems also offers a full range of after-sales services: it installs, repairs and maintains transformers worldwide. The company works with group service organizations in Mechelen (Belgium), France, the US, Saudi Arabia, Indonesia and Curaçao, to form a worldwide network.

Why should you choose CG Power Systems?

The CG Power Systems range of transformers has achieved top rank status in terms of energy efficiency, noise level and compactness. Precise and thorough quality control before, during and after each stage of the manufacturing process ensures that all CG Power Systems products meet the very highest international quality standards.

What is CG Power Systems Group?

The CG Power Systems Group is a market-driven organization. The company is structured to ensure the shortest possible lines of communication between customers and Group companies.
