

Cities Skylines Solar Power Mod

Can you get unlimited money if you build a city with power plants?

Otherwise you could have unlimited money by building a city full of power plants! (Ofc there is the infinite money option already; but it would feel pointless to play with limited money if you had this 'powerplant cheat' available.)

Does Green Cities DLC produce electricity?

The Ultimate Recycling Plant from the Green Cities DLC also produces some electricity, but the amount is not really significant by the time a player is able to construct one. The same is true for the Waste Processing Complex in the Sunset Harbor DLC. Buildings support a power grid around them.

Does your city need power?

Power is an essential requirement for nearly every building in your city. Most public buildings will not be able to operate without a supply of electricity. Citizens and businesses in your zoned areas will only tolerate being without power for a short time before they move out, and won't be built in the first place without it.
