

Costa Rica puredrive energy ltd

Who is puredrive energy?

Building upon its extensive market knowledge across Marine, Leisure, Sports, Mobility, UPS and Industrial Puredrive Energy has worked in conjunction with Puredrive to design and build a unique range of Energy Storage systems that are aimed at the Residential, Commercial and Community Battery Storage markets.

Why should I install a puredrive home battery system?

By installing a Puredrive home battery system, you will be drawing power from the grid at the cheapest rates (don't worry our smart app will do that all for you), and with a full system install you can also sell your excess green power back to the grid.

Why should you choose a puredrive battery & Solis inverter?

The Puredrive battery combined with Solis inverter make for an easy and pain-free installation. You, the customer, will love the system because it looks great and is the highest performing battery on the market. The installer loves it because it is so easy to install.

Puredrive Energy develops photovoltaic energy storage systems. Offered system stores excess photovoltaic energy generated during the day-time. Uses lithium iron phosphate batteries and features include 4.8kW storage capacity, 6k charging cycles, and 5-10 years warranty.
