

The Mettler Toledo InLab storage solution finds its usage in chemical laboratories and healthcare facilities to ensure the safety of the user. User-friendly design and the strong and efficient ...

InLab(TM) pH Electrode Storage Solution provides optimal conditions to preserve pH probe sensors during the time between measurements and for short- or long-term storage; Probe electrolyte ...

The Mettler Toledo InLab storage solution finds its usage in chemical laboratories and healthcare facilities to ensure the safety of the user. User-friendly design and the strong and efficient construction makes it a must to have at your disposal. Mettler products are intended for sale/shipment within the US only.

Special solution for good and appropriate storage of pH electrodes. Fill the storage vial and insert the electrode, and it will be ready for safe storage over longer periods of time. Electrode storage solutions contain preservatives to ...
