

Will Exxon find natural gas in Cyprus?

Exxon, which won Cyprus licences in 2017, reported a natural gas find in 2019 at a well dubbed Glaucus. Drillings next year include two new wells; Pegasus and the highly promising Electra, a senior executive responsible for global exploration at the conglomerate said.

Will Cyprus get gas in 2027?

Cyprus has issued several licences for offshore gas fields since 2007 and Papanastasiou said first gas from blocks in the eastern Mediterranean could reach markets in 2027. The Reuters Power Up newsletter provides everything you need to know about the global energy industry.

Are Persian Gulf companies looking for natural gas in Cyprus?

NICOSIA, Cyprus (AP) -- Energy companies from Persian Gulf states have expressed interest in searching for natural gas off the southern coast of Cyprus, President Nikos Christodoulides said Friday.

Is Abu Dhabi interested in Cyprus' natural gas sector?

REUTERS/Nabila Eltigi/File Photo Purchase Licensing Rights ABU DHABI, Nov 4 (Reuters) - United Arab Emirates energy giant Abu Dhabi National Oil Co. (Adnoc) has expressed interest in Cyprus' emerging natural gas sector, the country's energy minister told Reuters on Monday.

Will EU funding cut Cyprus' electricity costs?

The 1,000 MW cable, which has received 657 million euros (\$694 million) of funding from the European Union, aims to cut Cyprus' electricity costs and end its energy isolation. Christodoulides said EU backing for the project is in line with the bloc's aim to achieve energy price parity in all member states by 2030.

ExxonMobil is set to commence drilling a new well offshore Cyprus in January 2025 as part of its natural gas exploration efforts, Reuters has reported. The initiative is part of a broader strategy by energy majors to diversify Europe's gas supply sources, especially following disruptions from Russia after its 2022 invasion of Ukraine.
