#### French Polynesia eiffage energy systems

Who is Eiffage Énergie Systèmes?

Eiffage Énergie Systèmes designs, builds, operates and maintains systems and facilities in electrical, industrial and energy engineering and HVAC which respect people and the environment. Eiffage Énergie Systèmes provides a customized offer for the industrial, infrastructure and network markets, local authorities and the tertiary sector.

How does Eiffage Énergie Systèmes help local authorities save energy?

Eiffage Énergie Systèmes uses its Expercité® offeringto support local authorities in France and the Benelux countries by helping them save energy,particularly for energy performance contracts. For instance,Eiffage Énergie Systèmes teams are carrying out digital energy monitoring for the city of Paris in the largest project of its kind in Europe.

Who are Eiffage Énergie Systèmes & EnTech?

Eiffage Énergie Systèmes, a leader in design, installation and maintenance of systems and equipment for electrical, industrial, climate and energy engineering, alongside Entech, a technology firm specialised in the storage and intelligent management of renewable energies, today signed an agreement to create a joint venture.

What makes Eiffage energy Systèmes unique?

To deliver tailor-made solutions that meet the needs of its customers, Eiffage Energie Systèmes has developed a set of expert brands, each specialised in a different market - industry, infrastructure and networks, cities and local authorities, and the commercial sector. Concessions

How does Eiffage Énergie Systèmes contribute to the carbon-free energy mix?

They allow energy to be produced from a local source. Eiffage Énergie Systèmes contributes to the carbon-free energy mix,at local and national levels,by capitalising on the renewable energy potential specific to each region. In the Dordogne,our teams built the first high-efficiency solar thermal energy plant on trackers.

Who is Eiffage Energa?

We have the capacity to carry out the tests and procedures for our clients to obtain the COD (commercial operation date), which allows them to bill for the energy discharged to the grid. EPC company. Eiffage Energía is one of the world's leading EPC companies, according to the latest Wiki-Solar ranking.
