

Ganfeng lienergy Aruba

What is ganfeng lienergy?

Ganfeng LiEnergy is a subsidiary of Ganfeng Lithium, an A+H share listed. Our products include solid state batteries, consumer batteries, small polymer batteries, power batteries, and energy storage systems, covering more than 20 specific types under these 5 categories. The battery capacities range from mAh level to hundreds Ah level.

What is ganfeng lithium?

With Ganfeng Lithium's brand, technology, and resources, and a promising industry, Ganfeng LiEnergy is committed to solve energy problems with the most sustainable resources and the most advanced technologies, becoming a pioneer and a leader of lithium battery industry globally.

What is the battery capacity of ganfeng lienergy?

The battery capacities range from mAh level to hundreds Ah level. Ganfeng LiEnergy has first-class R&D teams and advanced product R & D line, and its products have entered the supply chain of many well-known brands.

Why should you choose ganfeng lithium?

Why Choose Us? GanFeng Lithium, the second largest in the world and the first domestic supplier of lithium compounds, produces lithium battery cells by itself, owns different lithium mines in Australia, Ireland, Mexico and Argentina, recycling of used lithium iron phosphate batteries in Malaysia and Mexico.

What is ganfenglienergy?

GanfengLiEnergy has 36000 m² factory area, two automatic production lines achieve battery system production capacity over 10000+ per month, 10GWH a year. The main power batteries, energy storage batteries, solid-state batteries, aiming to become the world's construction machinery power battery system leader!
