Hey, I recently had a GivGateway installed along with a 13.5kwh AIO battery. There were a many issues with commissioning to the point the AIO was going to get RMA"d but everything finally seem to come online. A few questions: 1.) Should I see my GivGateway in my Givenergy Mobile App? - Currently it only seems to see/show the AIO. 2.)

The Giv-Gateway should be installed between the customer"s supply meter and the consumer unit. The meter tails between the meter position and Givenergy Gateway should not be longer than 3 metres. If the length is more than 3 metres, you should install an additional protective device at the nearest point to the supply inside the customer"s
