Hareon Solar Technology Co., Ltd. is a China-based company mainly engaged in the design, manufacture and sales of solar cells and modules. The Company's main products include solar cells and modules, polycrystalline silicon wafers and monocrystalline silicon wafers.

China-based PV module manufacturer Hareon Solar Technology Co, has reported unaudited first half 2018 financial results, highlighting the collapse in the company in 2017, as losses mounted and was ...

Hareon Solar has 2 employees across 9 locations and \$803.62 m in annual revenue in FY 2018. See insights on Hareon Solar including office locations, competitors, revenue, financials, executives, subsidiaries and more at Craft.

Hareon Solar Technology Co., Ltd. is one of the largest silicon cell production enterprises in China. Ever since its foundation in 2004, Hareon Solar has witnessed rapid growth of its major business. It is specialized in producing mono silicon stick/multi cast ingots, and wafer cutting in the upstream of the photovoltaic industry.

July 3 (SeeNews) - Chinese firm Hareon Solar Technology Co Ltd (SHA:600401) said Tuesday it has agreed to sell the 10-MW Golden Sun photovoltaic (PV) project for CNY 78.1 million (USD 12.6m/EUR 11.3m).

Hareon Solar Technology Co Ltd has a team of experienced engineers and technicians who work tirelessly to develop new and innovative solar technologies that are both cost-effective and environmentally friendly. In addition to its focus on innovation, Hareon Solar Technology Co Ltd is committed to providing excellent customer service and support

Hareon Solar was established in 2004. We have full completed industry producing chain start from ingot wafer, cell to solar panel. In 2009 our solar cell and panel producing capacity will reach 2

Hareon is a vertically integrated solar PV manufacturer. We manufacture 5" & 6" Mono cells and modules and 6" Multi cells and modules made primarily from our own cast ingots and wafers. We...

The companies in Solar Finland group are spread throughout the solar PV sectors each covering their own market areas. Whether it is manufacturing solar panels locally, designing and building production lines, or sales, design, and construction of comprehensive turnkey solar solutions, they all belong to the expertise area of Solar Finland.
