

Hexi Solar Power Plant Address

Will hexa renewables develop a hybrid solar photovoltaic project in Malaysia?

SINGAPORE- (BUSINESS WIRE)-I Squared Capital, a leading global infrastructure investment manager, announced today that its portfolio company, HEXA Renewables, has signed a memorandum of understanding to develop up to 1 gigawatt of hybrid solar photovoltaic projects in the southern tip of Peninsular Malaysia.

Where are hexa solar project sites located?

A few project sites include Changhua, Yunlin, etc. in Taiwan. Hexa Japan has an operational, under-construction and advanced development stage projects aggregating to 112 MWp. The focus is primarily on developing mid-sized ground mount Solar PV projects. A few project sites include Shiraoi, Hakodate, Abuta, etc. in Hokkaido region of Japan.

Who is hexa renewables?

About HEXA Renewables HEXA Renewables is a portfolio company of I Squared Capital and a leading pan-Asian developer of solar and wind projects with offices and teams in Singapore, Malaysia, Taiwan, South Korea, Japan, the Philippines, and India.

Where are hexa projects located?

A few project sites include Shiraoi, Hakodate, Abuta, etc. in Hokkaido region of Japan. Hexa South Korea has an operational, under-construction and advanced development stage projects aggregating to 74 MWp.

Who is hexa Taiwan?

Hexa Taiwan has an operational, under-construction and advanced development stage projects aggregating to 528 MWp. Team has a strong track record of developing large scale floating solar projects, aquaculture Solar PV and onshore wind projects. A few project sites include Changhua, Yunlin, etc. in Taiwan.

Who are UEM Group & hexa renewables Malaysia?

The project is undertaken by three companies namely UEM Group Berhad (UEM Group) through its wholly-owned subsidiary and green industry arm, UEM Lestara Berhad (UEM Lestara) along with HEXA Renewables Malaysia Sdn Bhd (HEXA Renewables) and ITRAMAS Corporation Sdn Bhd (ITRAMAS).

Hexa Renewables has completed the world's largest offshore floating PV plant in Taiwan. The 440 MW solar array covers 347 hectares of government-leased surface area ...
