

Honduras solaris energy solutions

Debido a la gran cantidad de zonas rurales aisladas y de difícil acceso en Honduras, la energía solar es el método más adecuado para llevar iluminación a esas zonas. Este tipo de paneles solares pueden ser instalados en cualquier ubicación del país, ya sea dentro de las grandes ciudades como las zonas más remotas que pueda imaginar.

En colaboración con el Grupo MSP, Solaris fomenta el uso de energías renovables y fortalece su compromiso con el desarrollo sostenible en Honduras y El Salvador.
