

How to create a grid image and text for WeChat avatar

How to design a wechat article?

Keep in mind five key aspects for designing appealing WeChat articles. Make sure that your post focuses on the essential message, uses images (but no text on the images), and appeals to an audience who scrolls rather than reads (repeat, use emojis, highlight text).

How to write a good WeChat post?

Make sure that your post focuses on the essential message, uses images (but no text on the images), and appeals to an audience who scrolls rather than reads (repeat, use emojis, highlight text). Besides, use QR codes linking to your own WeChat account, and share your posts in WeChat groups with your personal profile.

Can I edit photos within WeChat?

Did you know you can edit images within WeChat from your photo album before sharing to your Moments timeline or chat conversations? Just update your app to the latest version of WeChat 6.5.5 for iOS or WeChat 6.5.4 for Android, then follow the steps below to start customizing your pictures!

How to create a WeChat group?

That's ok, most new WeChat users don't have any group, at least you can set up one for your own. Here are the steps: Taping "+" icon and then Tap "New Chat" > "Join Private Group" then, set up a code, after that click on "Join this group".

How do I create a WeChat post?

To get started, first create a new Xiumi account, where you connect your WeChat business account details. You only need an email address, but no Chinese phone number or business registration. Next, to create a new post, click on ?????. This process is pretty straightforward. Choose from one of many design templates.

How to create quality WeChat content?

Taking your blog and throwing it into a WeChat post, bolding a few headers and calling it good is not creating quality WeChat content. If you are determined to use WeChat to post long form content, take the extra time to break up paragraphs, left align headings, add in some formatting to make your key points stand out.
