

What is the enerbrain system?

The Enerbrain System is an IoT solution based on innovative algorithms and AI, resulting in high energy savings and better indoor comfort levels for our customers. This innovation ensures 20% energy savings, lower CO2 emissions and improved comfort thanks to a unique IoT solution powered by AI coupled with fuzzy logic cloud algorithms.

Who is enerbrain?

Enerbrain |9,357 followers on LinkedIn. For an intelligent use of energy |Founded in 2015 within the Innovative Enterprises business incubator of the Politecnico di Torino, Enerbrain has developed energy retrofit solutions for large buildings that allow drastic cuts in consumption as well as a significant improvement in internal comfort.

Does enerbrain offer a system integration service?

Enerbrain also offers a system integration service which allows business insight and supports better informed decision making and lower operational costs. Enerbrain's System can turn energy-wasteful non-residential buildings into smarter, healthier and more sustainable ones.

Who is Hendo enerbrain?

MKSE - Co. En - Futura Smart Grid - AC Controls - Versatec - Gruppo clima - Hendo Enerbrain was born with a challenging goal: to leave a positive impact on the planet. Learn more about us!

The Enerbrain System is an IoT solution based on innovative algorithms and AI, resulting in high energy savings and better indoor comfort levels for our customers. This innovation ensures 20% energy savings, lower CO2 ...

Enerbrain nasce per ridurre il consumo energetico degli impianti di riscaldamento, ventilazione e condizionamento dell'aria (HVAC) grazie a soluzioni intelligenti in Cloud e tecnologie IoT.

Enerbrain has developed energy retrofit solutions to make our cities sustainable, smart and human-friendly. Thanks to hardware and software technology, Enerbrain optimizes energy consumption for air conditioning, improving environmental comfort and reducing CO 2 emissions.

Enerbrain has developed energy retrofit solutions to make our cities sustainable, smart and human-friendly. Thanks to hardware and software technology, Enerbrain optimizes energy consumption for air conditioning, improving ...

Enerbrain SRL focuses its Quality Policy on the ability to meet the needs of the Customer. Enerbrain SRL is guided on this path by core values such as: Customer Orientation; Reliability; Competence; Confidentiality

Enerbrain SRL focuses its Quality Policy on the ability to meet the needs of the Customer. Enerbrain SRL is guided on this path by core values such as: Customer Orientation; ...

For an intelligent use of energy | Founded in 2015 within the Innovative Enterprises business incubator of the Politecnico di Torino, Enerbrain has developed energy retrofit solutions for ...

Enerbrain turns wasteful buildings into smarter, healthier & more sustainable ones. Our smart retrofit system is the "Energy Brain" for non residential buildings thanks to innovative IoT ...

Enerbrain, EUR5.2 million investment for international development. Enerbrain, a company specialising in the smart building sector, offers its customers a unique solution for the energy efficiency and optimisation of large buildings housing companies in ...

Enerbrain turns wasteful buildings into smarter, healthier & more sustainable ones. Our smart retrofit system is the "Energy Brain" for non residential buildings thanks to innovative IoT hardware and powerful algorithms in the cloud to fine-tune energy usage in real time allowing 30% operational savings.

Enerbrain was created to reduce the energy consumption of heating, ventilation and air conditioning (HVAC) systems through smart hardware, Cloud solutions and IoT technologies. Our Services Energy

Enerbrain, EUR5.2 million investment for international development. Enerbrain, a company specialising in the smart building sector, offers its customers a unique solution for the energy efficiency and optimisation of large ...
