

Italy brought 1,058 MW of solar photovoltaic (PV) parks in the first quarter of 2023, reaching a cumulative installed capacity of over 26,100 MW, shows data released by the domestic solar energy association, Italia Solare.

Solaritaly è l'Evento di Networking per Eccellenza nel settore Fotovoltaico. L'edizione 2024 è dedicata a Utility-Scale e Storage C& I.

You already know that walking on solar panels is not recommended, but do you know the real impact of doing it? Are all irradiance databases the same? Do you know how partial shadows affect split-cell modules?

3 ???· Enfinity Global, a renewable energy project developer, announced the closing of EUR165 million (~\$173.84 million) in financing to develop a portfolio of three utility-scale solar projects totaling 147 MW located in Italy's Lazio region. The projects will reach commercial operation by 2026. The funding was arranged through a club deal structure, with ING and Rabobank ...
