

Innargi a s Uganda

Who is innargi?

Originally a one-project venture in Aarhus, Innargi is now an international geothermal company with several projects in Northern and Eastern Europe. Our mission is to bring clean, reliable heating to Europe through the renewable resource beneath our feet - geothermal energy.

Is innargi building a geothermal district heating plant?

Innargi, founded by the holding company behind shipping giant Maersk, signed a deal to build a geothermal district heating plant on Friday. This will heat thousands of homes by harnessing heat from the earth's core.

Who owns innargi?

Why are we here Innargi was founded in 2017 by A.P. Moller Holding in order to examine whether competences from many years in oil and gas could help unlock the potential of geothermal energy for district heating. Today, Innargi is jointly owned by ATP (Denmark's largest pension fund), NRGi (customer-owned utility company) and A.P. Moller Holding.

What makes innargi a good company?

Loyalty binds us together as a unified team; we stand by one another, supporting decisions made in the best interest of Innargi and its values. Accountability is the cornerstone of our operations; we hold ourselves responsible for our actions, cultivating trust through our commitment to delivering on our promises.

Why should you choose innargi?

By providing circular, constant baseload energy for district heating, Innargi offers a green and sustainable alternative to biomass, coal and gas. Buildings account for 13% of all greenhouse gas emissions in the EU, equaling 432,000,000 tonnes of greenhouse gases every year.

The geothermal based heating company Innargi, established by A.P. Moller Holding, has entered a 30-year agreement to develop and operate EU's largest geothermal heating plant in Aarhus, Denmark. By providing circular, constant baseload energy for district heating, Innargi offers a green and sustainable alternative to biomass, coal and gas.

Innargi A/S blev grundlagt i 2017 af A.P. Møller Holding A/S og ejes i dag af A.P. Møller Holding, ATP og NRGi. Innargis mission er at bringe geotermi i spil som kilde til varme i millioner af hjem med ekspertise fra et erfarent hold af geologer, reservoir-, facilitets- og boreingeniører samt via partnerskaber med fjernvarmeeksperter.
