

Light panels Faroe Islands

When are the Northern Lights in the Faroe Islands?

With some luck you can experience the Northern Lights in the Faroe Islands during the winter months from November to February. Seeing the velvet-like lights dance above you on a clear cold night is an absolutely magical experience that will stay with you forever.

Where to go in the Faroe Islands?

If you are in Torshavn, take a ride up Oyggjarvegur and drive up to Sornfelli. If you are in the northern islands head up to the northern part of the country preferably to the coastal village Viðareiði. What are the Faroe Islands like during winter? A slither of the Northern Lights near the island Mykines.

Where are the Faroe Islands located?

Faroe Islands are located on 62°N on the south edge of the Arctic Circle. If you are in the Faroe Islands during the winter and the skies are clear, you are likely to catch a faint green aurora if you point your camera in a northern direction when it is dark. Northern Lights are made by electrically charged particles.

Where is the lighthouse located in the Faroe Islands?

The lighthouse sits on the northernmost point of Kalsoy Island. When in the Faroe Islands, set aside a full day for this attraction. In order to reach the lighthouse, you will need to take a short ferry ride, drive through narrow tunnels and eventually hike for an hour. Kalsoy Island is surrounded entirely by the North Atlantic Ocean.

How to see the Northern Lights?

To enhance your chances of seeing the Northern Lights, we recommend that you get out of town as city lights block the northern lights. If you are in Torshavn, take a ride up Oyggjarvegur and drive up to Sornfelli. If you are in the northern islands head up to the northern part of the country preferably to the coastal village Viðareiði.

Is there snow in the Faroe Islands?

The aurora borealis seen from Oyggjarvegur. Photo by Djake Mortensen. On the mainland you will have no issues moving around. Deep snow rarely settles in the Faroe Islands and when it does it will be effectively cleared off the roads to allow the islanders to commute to and from work.

Northern Lights on the Faroe Islands are a rare, fantastic phenomenon you can experience if you are lucky enough. Northern lights or aurora borealis show up mostly during the winter, weather permitting.
