

Longi's trademark on the back of photovoltaic panels

Is Longi Green Energy a crystalline silicon solar module?

China's Longi Green Energy has set a new world record for crystalline silicon solar module efficiency, according to a certification report from Germany's Fraunhofer ISE. Longi's independently developed HPBC 2.0 module has achieved a conversion efficiency of 25.4%, surpassing previous global records.

What will Longi do for the photovoltaic industry?

BC technology is set to be a pivotal milestone in the evolution of the photovoltaic industry, and LONGi's uptake of this technology will mirror our pivotal role in the industry's shift from polycrystalline to monocrystalline technology through our development of RCZ technology and diamond wire cutting.

What does LONGi Solar do?

Longi Solar is on a mission - to accelerate the adoption of sustainable energy solutions to address the pressing challenges of climate change and achieve clean energy equity worldwide. And to achieve this, the Chinese technology company is focused on two key things - innovation and forming partnerships.

How efficient is LONGi Solar?

Since 2021, the company has broken the world for solar cell efficiency 15 times, with the US Department of Energy's National Renewable Energy Laboratory recently confirming Longi had achieved a power conversion efficiency of 33.9% for its perovskite-silicon tandem solar cell, a world record.

Are LONGi Solar panels a good choice?

LONGi produces a wide variety of quality, cost-effective solar panels for residential, commercial and utility-scale solar installations. The current models are the Hi-MO 4 and Hi-MO 5 series, with the new advanced Hi-MO 6 panels due to be released in early 2023.

Why should you choose LONGi Solar modules?

Our solar modules help accelerate the clean energy transition, making the world healthier and more sustainable. LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy transition.

Photovoltaic panels 585W - Longi Hi-MO 6 Explorer LR5-72HTH 560-585M-V03 UT The Longi Hi-MO 6 Explorer LR5-72HTH 560-585M-V03 UT photovoltaic panel is a high-performance solar panel that offers exceptional efficiency, ...

These panels use a super-efficient cell technology called Hybrid Passivated Back Contact (HPBC). With this technology, they made panels that are 22.8% efficient when they're made in large numbers. ... There's a LONGi solar panel for ...

Longi's trademark on the back of photovoltaic panels

All black panel with 22% efficiency, 25 year product warranty and 25 year linear power output warranty. ... Longi's all black Hi-MO 6 430W improves power generation capacity providing a ...

Most recently, LONGi announced that it has broken another world record for silicon solar cell efficiency, just 4 months after setting the previous world record. As certified by ...

Longi 370w Solar Panel 370-LR6-72PH-40 is a high efficient, monocrystalline 72-cell module, with excellent electrical and solid structural performance. Look into detailed ...

On a mission to accelerate the adoption of sustainable energy solutions, US\$30 billion Chinese tech firm Longi is not just selling solar - but ...

These solar panels feature Longi's innovative Hybrid Passivated Back Contact (HPBC) Pro cell technology, which enables a maximum cell efficiency of over 25.3%. The Hi-MO 6 Scientist ...

Photovoltaic panels 580W - Longi Hi-MO 6 Explorer LR5-72HTD 550-580M-V03 UT Hi-MO 6 Explorer LR5-72HTD is a series of photovoltaic panels with a peak power range of 550-580 ...

From pv magazine Global. Chinese solar module maker Longi has unveiled its latest solar modules at a press event at the ATP Masters in Shanghai.. The Hi-Mo X10 module series is based on Longi's proprietary 2nd ...

October 23rd, 2024 - LONGi Green Energy Technology (Hereinafter referred to as LONGi) officially announced a new world record for crystalline silicon module efficiency. According to ...

Cost: Starting from as little as ₹107.40 per panel, Longi HiMo4 solar panels are very affordable, with good performance to match the solar panel cost. Performance: Most solar ...

Photovoltaic panels 450W - Longi Hi-MO 6 Scientist LR5-54HTH 435-450M-V03 DG Longi Hi-MO 6 Scientist LR5-54HTH 435-450M-V03 DG is a high-performance solar panel manufactured by ...

Due to its high power and efficiency, the Hi-MO 5 can be more cost-effective in terms of BOS (Balance of System). Hi-MO 5 can increase the power of a single string and thus increase the ...

LONGi Green Energy Technology Co., Ltd. (LONGi) was founded back in 2000 and is committed to being one of the largest solar technology development companies in the world. ... Are ...

Longi's all black Hi-MO 6 430W Longi provides improved power generation capacity providing a great power to size ratio and excellent performance - achieving 22% efficiency. The product ...

Longi s trademark on the back of photovoltaic panels

The Longi 500W 66 CELL Solar Panel offers an excellent 21.3% maximum efficiency. Enjoy legendary Longi longevity and reliability with 25 year warranty. ... Request a Call Back. Longi 500W 66 CELL Solar Panel 35MM | Monofacial \$...
