

Is solar power a long-term solution in Nepal?

Solar power is being seen as a viable long-term solution in Nepal due to the challenges in connecting all households to the national electricity grid system, which is a result of scattered settlement and geographically remote terrain (Bhattacharya, 2006; Bhandari and Stadler, 2011; KC et al., 2011).

Is Sunbridge solar Nepal a good company?

The professionalism of Sunbridge Solar Nepal is absolutely fantastic. Many thanks for a great service!..."
Arizona State University, Arizona, USA How are we different?
