Since 2012, we focus on customized solar panels, as this segment is underserved by the solar industry. When mass products need to operate off-grid, standard solar modules are simply not adaptable enough. With a capacity of up to one million customized solar modules per month, OPES Solutions enables products to power themselves.

OPES Solutions is an innovator and a technology, quality and market leader in the off-grid solar industry. We design and manufacture various types of solar panels that are suitable for a wide ...
