

# Photovoltaic bracket overseas customs clearance

How to import solar panels & accessories into the USA?

Efficient logistics and supply chain management are vital for importing solar panels and accessories into the USA. This includes coordinating transportation, handling customs clearance, and managing inventory. Choosing the right mode of transportation, such as air or sea freight, is crucial to meet timelines and cost requirements.

Do solar panels need customs clearance in China?

Imported solar panels require customs clearance in China and the destination country. Familiarize yourself with your country's customs regulations and tariffs to avoid any unexpected delays or fees. Prepare all necessary documents including invoices, packing lists and certificates of origin.

Can solar panels be imported?

However, the process of importing these goods can be complicated due to trade actions, tariffs, and bans on imports from certain regions. Key Takeaways: The vast majority of solar panels are described as "Photovoltaic cells assembled in modules or made up in panels" under the HS code 854113.

Can I import solar cells from Cambodia?

Imports of solar cells and modules from Cambodia, Malaysia, Thailand, and Vietnam will not be subject to suspension of liquidation or cash deposit requirements if accompanied by a certification attesting that they are not circumventing the ADD/CVD orders. There are three types of certifications:

How do tariffs and duties affect the cost of importing solar panels?

Tariffs and duties on solar products can significantly impact the cost of importing solar panels and accessories into the USA. The United States government may impose tariffs and duties on solar panels and related components as a way to protect domestic manufacturers or address trade imbalances.

Can You import solar panels from China?

A somewhat recent regulation in the United States also forbids the import of solar panels and associated components from a certain area in the People's Republic of China. In February 2024, CBP sent a questionnaire to certain companies in the USA requesting details about their supply chains.
