Planta solar para finca precio en Uzbekistan

Nuevas plantas de energía solar se lanzarán en Uzbekistán con el apoyo del Banco Mundial

Uzbekistan has great potential for solar energy due to its high levels of solar radiation and large areas of barren land that can be used for solar power plants. The country receives an average of around 300 sunny days per year, making it an ideal location for solar power generation.

El gobierno de Uzbekistán compró 1130 unidades de módulos solares a Sunpal Solar para la construccion de la planta solar terrestre local, y nos sentimos honrados de cooperar con la institucion gubernamental.
