

Puredrive energy ltd Kazakhstan

At Puredrive Energy, we take feedback and complaints seriously to ensure we provide the best supporter care. We aim to handle complaints sensitively, consistently, and promptly. All complaints are acknowledged, recorded, investigated fairly and resolved whenever possible.

With extensive experience in lead acid batteries through to the latest Lithium Ion batteries, Puredrive Energy is at the forefront of battery centric energy storage systems.

Puredrive Energy develops photovoltaic energy storage systems. Offered system stores excess photovoltaic energy generated during the day-time. Uses lithium iron phosphate batteries and features include 4.8kW storage capacity, 6k charging cycles, and 5-10 years warranty.

Puredrive Energy offers development and distributes products for a broad spectrum. They serve marine, leisure, sports, mobility, UPS, and industrial markets in conjunction with energy storage systems that are aimed at the residential, commercial, and community battery storage markets.
