

Created in 2007 on Reunion Island, the Indian Ocean subsidiary today boasts a wide variety of solar farms. Here, it started the Group's first agrivoltaics plants, as well as the Aquanergie® technology and the first battery storage solutions which have given Akuo sound expertise in Non-Interconnected Zones (NIZ).

A consortium led by Saft has been awarded a multi-million euro project by Akuo Energy. This turnkey contract is realized in partnership with Ingeteam (Spain), a manufacturer of power ...

French overseas energy company Albioma has switched on a solar-plus-storage rooftop installation at the Stade de l'Est Jean Ivoula in Saint-Denis, in the Indian Ocean overseas territory of La...

Solar-plus-storage projects on France's overseas territories are on course to add around 200MWh to global battery storage deployment figures, with the latest power plant just completed by independent renewable energy producer Albioma.

This turnkey contract is realized in partnership with Ingeteam (Spain) - world leading manufacturer of power electronics and energy management systems- and Corex ...

Innovative battery-based energy storage. The Port Ouest plant is able to operate continuously, using lithium-ion battery storage technology to overcome the inherently intermittent nature of solar energy. The 1,330 KWh batteries store energy during the day and then release it during evening peak consumption periods (between 7 and 9 pm).

This turnkey contract is realized in partnership with Ingeteam (Spain) - world leading manufacturer of power electronics and energy management systems- and Corex Solar (based in La R  union) to build the Bardzour solar photovoltaic production and lithium-ion energy storage system on the French island of La R  union in the Indian Ocean.

This turnkey contract is realized in partnership with Ingeteam (Spain) - world leading manufacturer of power electronics and energy management systems- and Corex Solar (based in La R  union) to build the Bardzour solar photovoltaic (PV) production and Li-ion (lithium-ion) energy storage system on the French island of La R  union in the ...

A consortium led by Saft has been awarded a multi-million euro project by Akuo Energy. This turnkey contract is in partnership with Ingeteam (Spain) and Corex Solar (based in La RÃ©union) to build the Bardzour solar photovoltaic (PV) production and Li-ion (lithium-ion) energy storage system on the French island of La RÃ©union in the Indian Ocean.

Innovative battery-based energy storage. The Port Ouest plant is able to operate continuously, using lithium-ion battery storage technology to overcome the inherently intermittent nature of ...

The latter was commissioned in 2018 and can operate continuously using a battery storage system enabling electricity to be sent to the grid during peak consumption periods. An excellent supplier of peak energy, solar power has a rosy future ahead.

The latter was commissioned in 2018 and can operate continuously using a battery storage system enabling electricity to be sent to the grid during peak consumption periods. An excellent supplier of peak energy, solar power has a ...
