Sierra Leone solar system in uae

of Mulk Holdings, the Sharjah manufacturing conglomerate, is to build a US\$18 million solar park in Freetown using panels made by Masdar PV, an arm of the Abu Dhabi government's clean energy company.

Half of the cost of the US\$18 million (Dh66.1m) project is provided through a loan by the UAE. Through the Abu Dhabi Fund for Development (ADFD), the country is supporting six renewable-energy projects at a cost of \$41m. The funding will also help to build wind, solar, hydro and biomass projects in Mali, the Maldives, Mauritania, Ecuador and Samoa.
