

Solar photovoltaic panel policy subsidies

What grants are available for solar panels in the UK?

Solar-specific grant schemes in the UK include the following: There are currently three government grants available to help with the upfront costs of solar panel installation: ECO4: Funding for energy-efficient retrofits to fuel-poor households, or ones with occupants on certain benefits.

Do government grants cover solar panels?

The grants cover up to 100% of the costs of eligible measures. Eligible applicants include central government departments, local authorities, and other public sector organisations. In the decision, several government grants are available in the UK to help cover the cost of solar panel installation.

Can you get a solar energy grant in 2023?

The grant opened in April 2023 and will run until March 2025. It can be used to fund home improvements, such as insulation, heat pumps, double glazing, solar thermal, and solar PV panels. As of February 2024, 28% of the grants handed out have been for solar panels, so applying for the grant is worth a shot if you're eligible.

Should you apply for a solar panel grant?

By applying for a solar panel grant, you could receive heavily discounted or even free solar panels, resulting in annual energy bill savings upwards of £1,040. We recently conducted a survey of over 1,540 Independent readers who own solar panels* to understand how they made the most of the solar panel funding available to them.

Do solar panel subsidies expire?

Solar panel subsidies have been an important tool to encourage homeowners and enterprises to adopt renewable energy. In the UK, several subsidies have helped make solar power more affordable and accessible, but unfortunately, many of these programs have now expired. Let's take a closer look at a few of these programs.

What happens if a UK solar panel grant expires?

Several UK solar panels grants have recently expired. In most cases, the schemes had fixed durations or budgetary limits - once a certain date was reached or the available funding ran out, the grant was closed to new applicants. The following are some examples of recently expired schemes:
