Where can I get a free estimate for New Jersey solar panel installation?

Get a free estimate for New Jersey solar panel installation! NJ Solar Power is New Jersey's leading local solar installer with over 20 years of experience. We make solar panel installation easy and profitable for homeowners and businesses.

Does experience matter when installing solar panels in New Jersey?

When it comes to solar panel installation, experience matters. NJ Solar Power is one of the most experienced solar installers in New Jersey. We've been driving the solar revolution forward for over two decades and have won awards for Environmental Excellence and the New Jersey Clean Energy Project of the Year along the way.

How do I start a solar company in New Jersey?

All solar companies must be registered with the New Jersey Consumer Affairs office to do business in New Jersey. Installers must also hold a home improvement contractor, plumber, or electrician's license. Look for these requirements and NABCEP certification when seeking installers. Financing options

Is solar a good investment in New Jersey?

Solar quotes are largely impacted by the climate of where you live. The weather in New Jersey varies quite a bit over the year, so you can expect your solar system to produce the most energy in the summer. New Jersey receives enough sunny days per year for solar to be a worthwhile investment.

How much does solar cost in New Jersey?

The average price of solar is about \$2.22 to \$3.34 per watt in New Jersey, so anything in that range is a fair price. Some prices may be too good to be true. If your installer quotes you way below the average price in your area, proceed with caution.
