

Solar systems sa Kenya

How does solar energy work in Kenya?

In Kenya, where power cuts are common, solar energy provides a reliable solution. Solar energy works by converting sunlight into electricity. When the sun is not available, alternate back-ups are there to ensure uninterrupted work and electricity consumption.

Why should you choose Felicity solar Kenya?

Felicity Solar Kenya is the go-to provider for comprehensive solar solutions, serving homes, businesses, and enterprises. With expert installation support and strong after-sales service, we ensure a smooth switch to solar for any size operation. Choose Felicity Solar Kenya for a reliable and sustainable solar energy partnership.

How does a solar water heater work in Kenya?

In Kenya, a Solar Water Heater saves you 70 percent on your annual hot water bills. It does not connect to the public utility grid like Grid-tie systems, but instead heats water using solar energy. We supply and install solar water heaters in Kenya.

Who is Felicity solar Kenya?

Felicity Solar Kenya is at the forefront of Kenya's solar revolution, offering a wide array of top-tier solar systems, from panels and inverters to MPPTs and lithium batteries. We're committed to illuminating lives with our solar street lights and floodlights, while providing all the essential accessories for perfect installations.

What is Go Solar Ltd?

Go Solar Ltd is a leading Kenyan solar company with over 3000 successful residential and commercial installations since 2003. They guarantee a top class solar power system for both residential and commercial requirements, whether grid-tied or off grid.
