Earlier this year, our dream was realized: South Georgia and the South Sandwich Islands" received the highest MPA designation status possible. We were elated to ...

Earlier this year, our dream was realized: South Georgia and the South Sandwich Islands" received the highest MPA designation status possible. We were elated to learn that 449,000 square kilometers of the region have been entirely closed off from fishing activity.

South Georgia and the South Sandwich Islands are a collection of exceptionally remote islands in the Southern Atlantic. Although considered as one entity they represent two physically distinct island groups, with the South Georgia cluster ranging between 560 and 800km west of the South Sandwich Island arc (Figure 1).

We give information about South Georgia and the South Sandwich Islands in two main ways. Although there is some overlap, they are largely complementary. The virtual tour (opens in a new window) uses a set of
