

Tongwei solar Benin

Who is Tongwei solar?

Tongwei Solar leads in advanced photovoltaic tech, offering eco-friendly, high-efficiency solar solutions globally.

What makes Tongwei a high-purity crystalline silicon 'intelligent manufacturing in China'?

With a purity of 99.999999999%, the products represent the excellence of high-purity crystalline silicon 'intelligent manufacturing in China'. With the solid and robust upstream reserves within the industry chain, Tongwei entered the module business in 2013. The product is produced by the 'Industry 4.0' system of smart manufacturing.

Who is Tongwei agricultural development?

Deeply ploughing agriculture for 40 years, Tongwei Agricultural Development has focused on feed production and aquacultural product breeding, fishery facilities and equipment, and financing guarantees. Tongwei is a large multinational enterprise with eco-agriculture and new energy as our dual main business.

What is TW solar's investment agreement with Meishan?

In 2022, TW Solar signed an 'Investment Agreement' with Meishan Management Committee of Tianfu New District, Sichuan to build a 32GW high-efficiency crystalline silicon cell project. The project will be constructed in two phases, with a total investment expected to be RMB12 billion.

What is Tongwei polysilicon lead?

The quality, technical indicators and costs of Tongwei polysilicon lead globally, covering both electronic and solar grades. Tongwei has established strategic partnerships with several well-known downstream photovoltaic cell and module enterprises in China. The product quality has received high recognition in the market.

Who is Tongwei?

Tongwei is a large multinational enterprise with eco-agriculture and new energy as our dual main business. Believing that "PV changes the world," we take it as our responsibility to build a world-class clean energy supplier and a world-class safe food supplier. Aiming at 'for better life,' we will create a double green future with you.

In 2022, TW Solar signed an 'Investment Agreement' with Meishan Management Committee of Tianfu New District, Sichuan to build a 32GW high-efficiency crystalline silicon cell project. The project will be constructed in two phases, with a total investment expected to be RMB12 billion.

In the midstream of the new energy industry chain, TW Solar has deeply engaged in the R&D, manufacturing, and promotion of core products in solar power generation. The company has become the largest crystalline silicon solar cell ...
