

WeChat can't connect to the power grid

Does WeChat work on other networks?

If WeChat works okay on other networks, check your network settings on your router to make sure that app is not blocked. See our recommended router settings here: Recommended settings for Wi-Fi routers and access points. If the issue is not with your router settings, you may have an issue with your WeChat app itself. Check for an app update.

Why is WeChat not running?

1. Check whether WeChat is running in your phone's 'Settings' > 'App Management' > 'Running'. If WeChat is not in the 'Running' list, you must re-open it. If you find WeChat is not running all the time, check whether any installed security apps have blocked WeChat, or check whether WeChat is closed due to insufficient storage. 2.

How do I troubleshoot a WeChat error?

Troubleshoot this problem by the methods below: 1. Check whether WeChat is running in your phone's 'Settings' > 'App Management' > 'Running'. If WeChat is not in the 'Running' list, you must re-open it.

Does WeChat use cellular data?

WeChat uses a local network back up or restore your chat history. No cellular data will be used. Check your network connection: Make sure your phone and computer are connected to the same network (router, personal hotspot or wireless card) to transfer the data. Only local networks are used during this process, so no cellular data will be used.

How do I stop Wechat on Samsung A23?

Go to the app settings. Force stop wechat and then Clear app cache and data. That should do the trick. Force stop +restart phone works for me. For me on a Fold 5, the clear data and force stop alone didn't work (it did work for another phone Samsung A23). You have to allow all permission to wechat under the app setting.

Does WeChat work with Etisalat WiFi?

Same problem using Wechat on my iPhone 6 with Etisalat WiFi (also in the UAE) but haven't updated to latest iOS yet. As of yesterday morning was working fine, but problem started later that night. The Wechat works fine on cellular. A forum where Apple customers help each other with their products. Get started with your Apple ID.
